Highly creative and adaptive software developer with a strong work ethic. Proficient in multiple programming languages and web development principles. Passionate about integrating technology and business to make a positive impact. Committed to building engaging and robust applications.

HIGHLIGHTED SOFTWARE APPLICATION

INDICINA, DECIDE-JAVASCRIPT-PACKAGE

JULY 2023

URL: https://www.npmjs.com/package/@indicina-dev/decide-library

As the Lead Developer for the Decide SDK, a Node.js-based project, I spearheaded its development, enabling risk-free decisions through banking transaction analysis. My Key contributions include:

- Led development of Node.js-based Decide SDK for risk-free banking transaction analysis.
- Ensured seamless integration with various projects for user-friendly capabilities.
- Implemented efficient API integration for processing banking data and providing insights.
- Optimized SDK performance for fast data processing and minimal resource usage.
- Conducted rigorous testing and maintained high-quality code standards

FUNDIS , FRONT-END LEAD

MARCH 2022

URL: https://www.portal.fundis.co.ke/

As Front-End Lead for the Fundis portal, I led the development of a user-friendly website interface, optimizing UX and performance. My key achievements include:

- Developed responsive front-end using HTML, CSS, and JavaScript.
- Enhanced user engagement through intuitive design and interactive elements.
- Conducted thorough code reviews to maintain coding standards, ensuring high-quality output.

By leveraging innovative solutions and effective teamwork, I contributed to a successful and impactful portal.

TECHNICAL SKILLS

- **Strong**: JavaScript, HTML, CSS, jQuery, React JS, Golang, GraphQL, Handlebars, Python, Storybook JS, AWS, Git, Node.js, SCSS, Flask, ChatGPT, Material UI
- **Experienced**: Angular, Django, PostgreSQL, Kubernetes, Raspberry Pi, Next JS, Typescript

PERSONAL SKILLS

Adaptability, Problem-Solving, Great Interpersonal Skills, Multitasking, Fast Learner, Quick Learner, Critical thinker, Strong Communication Skills.

EXPERIENCE

INDICINA TECHNOLOGIES (LAGOS, NIGERIA)

Jan 2023 – Aug 2023 | ACTING TEAM LEAD (Engineering)

- o Assisted teams with complex technical challenges, even outside of frontend development, fostering effective collaboration and problem-solving.
- o Actively participated in software testing for the QA team, ensuring the delivery of high-quality and high-performance applications.
- o Played a pivotal role in enhancing team productivity and project success through effective leadership and support.

Oct 2021 – Dec 2022 | FULL STACK ENGINEER

- o Contributed to the development of cutting-edge end-to-end solutions using a diverse technology stack, including Golang, GraphQL, Python (Flask and Django), React JS, and more, as a Full-Stack Engineer.
- o Led the transition from Python Flask to Golang for our backend service, showcasing problem-solving skills and adaptability.
- o Significantly improved computational efficiency by implementing the transition based on a compelling Proof of Concept (POC).

Jul 2019 – Dec 2022 | FRONTEND ENGINEER

- o Focused on creating robust and visually appealing user interfaces using React JS, HTML, and CSS during my tenure as a Frontend Engineer.
- o Constantly prioritized enhancing user experiences and driving innovation, contributing to the project's success and positive impact.

Throughout these roles, I demonstrated my technical expertise, adaptability, and commitment to delivering high-quality software solutions. I thrived on continuous learning and embraced challenges with a positive and collaborative mindset, supporting other teams while acting as the Team Lead and contributing to the successful completion of projects across the organization.

FUNDIS (NAIROBI, KENYA)

APR 2022 – SEP 2022 (SHORT TERM PROJECT) | LEAD FRONTEND ENGINEER

- o Led and directed the frontend development efforts for a short-term project, taking charge of creating robust and user-friendly interfaces and enhancing the overall user experience using Material UI.
- o Collaborated effectively with the development team, ensuring efficient execution and timely delivery of the project.

MENTORSHIP

STUTERN ACCELERATOR

SOFTWARE ENGINEER MENTOR | OCT 2022 – JULY 2023

- Dedicated Software Mentor empowering aspiring developers through personalized coaching and constructive feedback.
- Fostering growth mindsets to embrace challenges and thrive in modern development environments.
- Building a supportive and collaborative learning environment for exploring new ideas and projects.
- Inspiring mentees' progress and accomplishments for a lasting positive impact on their journeys.

EDUCATION

MBA, ACCRA BUSINESS SCHOOL, ACCRA, GHANA

August 2020 – December 2021

Software Development Full Stack , MORINGA SCHOOL, NAIROBI, KENYA

November 2018 - April 2019

BSc. INFORMATION TECHNOLOGY, GHANA TECHNOLOGY UNIVERSITY COLLEGE, ACCRA, GHANA

August 2011 - July 2015

VOLUNTEER

Representative, Child Rights' Club (UNICEF)

May 2008 - May 2010

AFFILIATIONS AND LEADERSHIP

Treasurer, International Students' Association (GTUC)

May 2014 - May 2015

HONOURS AND AWARDS

Tech Trend Africa's "The Connected Awards" - Promising Front-end Developer, 2nd Runner-up **(2021)**
